

3rd Curtin Engineering Faculty Research Colloquium

This is now the third of the bi-annual colloquia. With it's continuing success this semester will prove to be the biggest and best so far!

Call for Abstracts

For presentation at the CEFRC in November, a 1-page abstract must be submitted by the 8th of October to cefrc@curtin.edu.au

Abstract templates may be found at the CEFRC website, at <http://fac.eng.curtin.edu.au>

then navigating to: Current Students -> Postgraduate Students -> CEFRC

Presentations at the CEFRC are 15 minutes, with 5 minutes for questions.

&

Organising Committee Volunteers Wanted

We are looking for Engineering Postgrads from all departments to help organise this semester's Colloquium. Being on the organising committee involves meeting for about 1 hour each week.

Benefits of participation in the CEFRC:

- Get an opportunity to practice and demonstrate your Leadership skills;
 - Your efforts will be recognised formally by the Faculty;
- Add to your CV and show future employers that you have initiative, responsibility, can work with others and lead;
 - Broaden your skills beyond Engineering;
- Gain recognition amongst your peers and future employers...
Be known!
